Hi Mike,

Attached for your review and forwarding to Stephanie Santell are:

- 1) The agenda for our meeting with John tomorrow on all things 404(g) – note I’ve requested a reschedule to 3 pm mostly because this now conflicts with our daily call with R4 on FL.
- 2) Updates for the weekly updates

Weekly updates:

404(g) updates:

- Working toward 404(g) rule draft – target is end of September to OMB

## Ex. 5 Deliberative Process (DP)

- Meeting will be set up with OMB on rule and the EA and ICR prior to submittal – Mike Trombley has lead

- FL assumption - Ex. 5 Deliberative Process (DP)

## Ex. 5 Deliberative Process (DP)

State Assumption Efforts

- Minnesota – HQ continuing to coordinate with MN and R5.
  - Considerations – how to construct general permits/ involve local government units; how to demonstrate consistency with 404(b)(1) guidelines
  - Progress – MN expecting to present ideas to EPA in August; in the early stages of pursuing regulatory changes (starting to form stakeholder groups soon)
- Oregon – State has sent initial legal cross walk to EPA for review. There are gaps and inconsistencies we are working with them on.
- Michigan – state will transmit annual report this month.
  - We anticipate the Annual Report will include a description of changes to the state’s program processes and permit review.
